

**Seminars of the Institute of Radiocommunications
In the summer semester of the academic year 2024/25**

- 1. Hanna Bogucka**
Ocena nauczycieli akademickich i sprawy organizacyjne (in Polish)
6 March 2025
- 2. Can Ding**
„Multifunctional Advanced Antenna Systems for Base Stations, UAVs, and CubeSats”
20 March 2025
- 3. Małgorzata Wasilewska**
“New machine learning methods for spectrum sensing in wireless communication systems”
3 April 2025
- 4. Michał Sybis, Wojciech Flakowski**
“Using IR GPU Processing Center”
17 April 2025
- 5. Maciej Krasicki**
“Labeling-based recipient identification with low-order modulation”
8 May 2025
- 6. Adam Samorzewski**
“RIS-aided Mobile Network Design”
22 May 2025
- 7. Filip Idzikowski**
“Core network traffic modelling from the perspective of energy saving”
29 May 2025

The seminars take place in the Faculty of Computing and Telecommunications building, 3 Polanka Str. Room no. 101, at 11:45.

Prof. dr hab. inż. Hanna Bogucka
